AN INVESTMENT IN EXCELLENCE: SUPPORTING AG EDUCATORS THROUGH NAAE INVOLVEMENT

Teacher Benefits

Agricultural education programs thrive when teachers have access to high-quality professional learning, leadership development, and a national network of support.

- Access to **quality professional development** through nationally recognized programs and workshops
- **Leadership development** through advocacy and innovation
- Increased **teacher satisfaction** and **retention**
- Community **connection** and **mentoring**

Student Benefits:

Teachers who participate in NAAE and NAAE Convention gain new instructional methods and resources that enhance student learning and engagement.

- Stronger **connected learning** experiences through new instructional methods and resources
- Expanded **career readiness** opportunities through relevant and future-focused career preparation
- Improved **program design and quality** through innovative classroom instruction, SAEs and FFA activities

Ag Industry Trends
Emerging Career Pathways
Industry Partnerships

School & District Benefits

Supporting and investing in professional growth through NAAE demonstrates that a district values its ag educators.

- Enhanced **school and program visibility** through professional awards, presentations, and national leadership opportunities
- Stronger **teacher recruitment** and **retention**
- Improved **program quality** and **growth**
- **Inspired** and **successful students** who transition to meaningful careers

“Supporting professional growth today creates stronger agricultural education programs for tomorrow.”

Why NAAE Convention Matters

The NAAE Convention is the premier professional development event for agricultural educators in the U.S..

- Largest national professional development specifically for agricultural educators
- Best practices from leading educators
- Industry and educational partner connections
- Curriculum and program resources
- Networking with thousands of agricultural educators
- Inspiration and motivation to continue serving students at a high level

Teachers return to their schools with new ideas, renewed enthusiasm, and practical strategies that can be implemented immediately.

The knowledge, resources, and professional connections gained through NAAE impact thousands of students over multiple years. A single professional development experience can generate profound growth and lasting change in instruction and program quality.
