It Starts in the Classroom Documentary Worksheet

Name: _____

As you watch It Starts in the Classroom by NAAE, use this worksheet to reflect on what it's really like to be an agriculture teacher and what it takes to enter the profession. Want to explore more? Visit **www.naae.org/teachag**.

1. Before watching the documentary, what did you already know about teaching agriculture as a career choice?

2. Why do you think the student teaching experience is an important step in becoming an agriculture teacher?

3. Explain the qualities that you possess that would be valuable as an agriculture teacher.

4. What responsibilities do you feel are most important to an agriculture teacher?

5. After watching the documentary, list and describe the requirements in your state to teach agriculture. List at least two institutions where you can become certified to teach agriculture.
