NAAE & ADVOCACY FOR AGRICULTURAL EDUCATION

NAAE has an active role in advocating for agricultural education by **building essential relationships** with national leaders and legislators to help maintain the Carl D. Perkins Career & Technical Education Act. That act provides authorization and appropriations for career and technical education programs, including agricultural education.

ENGAGING MEMBERS

NAAE seeks to engage members in becoming active and educated advocates for agricultural education. This can be done through any of our self-guided advocacy tools as well as via hands-on training opportunities at state, regional and national conferences.

NATIONAL POLICY SEMINAR

The ACTE National Policy seminar is held annually in Washington, D.C. and is a great opportunity for agriculture teachers to develop their skills as advocates for career and technical education. NAAE hosts special programming during this seminar.

NAAE ADVOCACY TOOLS & SERVICES

- Advocacy Toolkit
- Agricultural Advocacy Unit Lesson Plans
- Local Program Spotlight One-Pager
- State Ag Ed Advocacy Profile
- National Ag Ed Advocacy Handout
- Legislative Action Center
- Washington Beat - Advocacy Blog
- Ag Ed Advocacy Community on Communities of Practice
