# You're a Member. Now What?

The NAAE membership year runs from July 1- June 30.

## Understand Your Liability Insurance

Active, life active, and student members get \$100,000 professional liability insurance coverage with membership. Learn what that does and doesn't cover, and how to upgrade your protection at [www.ftj.com/NAAE](http://www.ftj.com/NAAE).

## Print Your Membership Card

Log in to the NAAE website using your email address as your username and a password you create (using the *Can't access your account?* link if you need to). Print your membership card from the MyNAAE page. Look for MyNAAE at the very top of the website once you log in.

## Members-Only Awards & Programs

Nearly all NAAE awards and programs are open only to NAAE members. Make sure your membership is current before applying for an award, XLR8, National Agriscience Teacher Ambassador, and other programs.

## Are You Getting the Message(s)?

- **Monday Morning Monitor weekly e-newsletter**  
You are automatically subscribed when you join NAAE.
