Consider a Career in Agricultural Education
A road map to the most rewarding and impactful career in agriculture!

Nationwide, there are not enough agriculture teachers to meet the demand.

We need more high school students considering a career as an agricultural educator. The national Teach Ag Campaign, an initiative of The National Council for Agricultural Education led by NAAE is an effort to combat that while celebrating current agricultural educators.

Secondary Education
In high school, there are a number of ways to discover if Agricultural education is a fit for you...
- Sign up for Ag Classes and join FFA
- Run for a Chapter Office
- Have an SAE Project that involves being a Teaching Assistant
- Talk to your Ag Ed teacher to learn how and why they became an an educator

What can I expect in college?

What will your four years majoring in Ag Ed look like?
You will take courses in ag mechanics, animal science, plant science, ag economics, and of course education to learn the art of being a teacher!

Don’t stop there: Get involved at your school! Not only will you open your mind to pursue new ideas but you will also build a network of friends that will last a lifetime. We recommend getting involved in some of these organizations:
- Collegiate FFA
- Bison Dairy Club
- Saddle & Sirloin
- Agronomy Club and many, many more!

What can I do with an Ag Ed Degree?
You graduated college! Now what?
Potential career choices as a graduate with a degree in Agricultural Education:
- High School Agriscience Teacher
- Ag Literacy Coordinator
- Agricultural Education Professor
- Farm Business Management Instructor
- 2-year Technical College Agriculture Instructor
- Adult Agricultural Education Instructor
- Young Farmer Instructor
- Extension Agent
- Ag-Business Sales/Consulting
- Agricultural Banking/Lending
- And Much, Much more
