

#Tagged17

Use the hashtag #Tagged17 on Twitter, Facebook, and Instagram to ask questions, participate in the conversation, and learn more about teaching agriculture as a career!

Before watching the live Teach Ag Day webcast, what did you already know about teaching agriculture as a career choice?

What are some of the responsibilities of an agriculture teacher?

List and define three ways agriculture teachers positively impact agriculture and their communities.

What are the requirements to Teach Agriculture in your state (ask your agriculture teacher)?

What's one additional question you have about teaching agriculture that you'd like to explore more?

List three institutions where you can go to get a degree and be certified to teach agriculture?

Happy National Teach Ag Day! Have you ever thought about becoming an agriculture teacher? Talk to your teacher or visit our website at www.naae.org/teachag for more information.
